Dan Friedman

dan.friedman@yale.edu (845) 558-5391 <u>dfriedman.net</u> github.com/danfriedman0 80 Howe St Apt 401 New Haven, CT 06511

Education

Yale University, New Haven, CT

- Bachelor of Arts in English, graduation expected May 2017, GPA 3.95
- CS classes: Intro to Programming, Intro to CS, Data Structures, Computational Linguistics, Intelligent Robotics

Torah Academy of Bergen County, Teaneck, NJ

• Diploma 2013, GPA 98.17/100, Valedictorian, National Merit Finalist

Technical Experience

Peer Tutor: CPSC 201

Yale University, New Haven, CT

Fall 2016

- Lead biweekly tutoring sessions for students in CPSC 201, Introduction to Computer Science.
- Topics include functional programming with Racket, computer architecture, strings and languages, complexity, and recursion.

Web Development Intern

Kentucky Center for the Performing Arts, Lousiville, KY

Summer 2016

- Worked with the senior web developer to develop new front-end and back-end features for kentuckycenter.org.
- Built responsive UI components with HTML, CSS, and JavaScript/JQuery, such as a "View from Your Section" tool.
- Integrated full online support for gift certificates using AJAX, ASP.NET/C# MVC, and the Tessitura Web API.
- Built MVC widgets for the Sitefinity CMS to allow non-technical employees to customize the website without writing any code.

Webmaster

Yale Literary Magazine, New Haven, CT

Sept. 2015 - present

- Started a new online journal for the Yale Literary Magazine, the Yale Little (valelittle.com).
- Built a custom, responsive WordPress theme using HTML, CSS, PHP, and JQuery.
- Manage web hosting, content management, and site analytics for the Yale Little and valelitmag.com.

Media Tech

Yale Student Technology Collaborative, New Haven, CT

Jan. 2014 - present

- Web Specialist: Work with students and faculty to develop custom CampusPress websites for classes and student groups; write tutorials to introduce other Media Techs to WordPress development and responsive web design.
- Provide students and faculty with technical support for media hardware and the Adobe Creative Suite.

Selected projects
